CAREER OBJECTIVE

Aspiring Software Developer with hands-on experience in **full-stack development** using **Spring Boot, SQL, MongoDB** and **React.js**. Skilled in building **RESTful APIs** and database-driven backend services. Familiar with cybersecurity and machine learning concepts through academic and project-based work and eager to contribute to **scalable software solutions** in a growth-focused organization.

SKILLS

Technical Skills: Java, Spring Boot, SQL, React.js, MongoDB, HTML, CSS, JavaScript, Python, C, Object-Oriented Programming

Soft Skills: Problem Solving, Team Collaboration, Time Management, Adaptability

Languages Known: Tamil, English

PROJECTS

Seasonal Deceptive Website Detection System Using Cybersecurity and Risk Analysis

- Built an event-driven cybersecurity solution to detect seasonal fraudulent websites during public events.
- Implemented URL analysis, SSL validation, domain age checks, and redirection detection techniques.
- Deployed an explainable risk-scoring system using Streamlit

Food Ordering Progressive Web Application

- Production-ready full-stack food ordering PWA with AI recommendations, Firebase push notifications, JWT auth, GPay integration, and a real-time admin panel.

YouTube Data Analytics and Warehousing

- Built an automated data pipeline to collect and analyze YouTube data using APIs and SQL, and visualized insights using streamlit

EDUCATIONS

BTech – Computer Science and Business Systems

Francis Xavier Engineering College | 2023 – 2027

CGPA: 7.81

Maths Computer Science

Time Matric Higher Secondary School | 2021 - 2023

Percentage: 83.2%

INTERNSHIPS

Software Developer Intern

Skill Software Inc, USA

Migrated legacy Selenium automation suites to Playwright (Python), improving test execution speed and reliability across internal project pipelines.

Implemented AWS cloud solutions for infrastructure support, managing deployment workflows and cloud resource configuration for internal applications.

Full Stack Developer Intern

Asta Systech Pvt. Ltd , India

Completed a Full Stack Developer internship at Asta Systech Pvt. Ltd, developing a CRUD-based full-stack application using Java, Spring Boot, React.js, and SQL, with hands-on experience in RESTful APIs and database integration.

CERTIFICATIONS

NPTEL | Internet of Things – IIT Kharagpur (NPTEL) – 80%

LinkedIn Learning | Java Essentials , Git Essential Training

Udemy | Web Development and C Programming

Cisco | Python
